What our parents say...

My son struggled with mathematics during his school years...his tutors have worked hard to get his mathematics to a level we never thought possible!

Anthony, Grade 8 parent

My daughter has loved being at North Range Academy and TheTutor Learning Center since its opening. The learning environment makes the difference.

Megan, Grade 12 parent

About Our Founder...

Jason Dake has been educating students for **20+ years** specializing in **all subjects and grade levels**. Jason earned his **Master of Education** with a focus in, and a passion for, **Curriculum Development**. Earlier studies included Music Education, Pre-law and Homeland Security.

Since 2009, Jason has helped hundreds of students raise their grades and increase confidence by building personalized academic plans to align tutoring specific to the student's need.

Jason's passion for education and learning shows in his ability to change lives through education every day.
