About Us....

Since 2019, TheTutor Learning Center has been dedicated to helping every student achieve academic success in a supportive, structured environment.

We believe in building skills, motivation, and lasting results for students of all ages.

"The learning environment makes the difference and I'm so proud that she has been accepted into the program!"

--Megan, Grade 12 parent

About Our Founder...

Jason Dake has been educating students for 20+ years specializing in all subjects and grade levels. Jason earned his Master of Education with a focus in, and a passion for, Curriculum Development. Earlier studies included Music Education, Pre-law and Homeland Security.

Since 2009, Jason has helped hundreds of students raise their grades and increase confidence by building personalized academic plans to align tutoring specific to the student's need.

Jason's passion for education and learning shows in his ability to change lives through education every day.
